

Safety for your business journeys

www.if.fi/travel

1. Get enough information on the culture, manners and political situation of your destination beforehand.
2. Always learn a few key phrases of the local language.
3. Leave the contact information of your accommodation and travel schedule at home and at place of work. Remember to inform any changes to your original plan.
4. Find out the local emergency numbers before you travel and save them in your mobile phone.
5. Remove all details concerning your employer from your luggage.
6. Never wear your company ID card or congress ID visible when going out.
7. Don't discuss business or travel schedule with your colleagues in public.
8. Using camera or binoculars may cause misunderstandings especially in crisis areas.
9. Avoid local mass events.
10. Don't use unofficial transportation.
